Children two years old or younger must not wear them due to risk of suffocation.</p> <p>The California Department of Public Health has these guidelines for cloth masks/face coverings: Face coverings can be made out of cloth, be factory-made or hand-sewn, or improvised using bandannas, scarves, T-shirts, sweatshirts or towels. The material should cover the nose and mouth. Ideally, face coverings should be washed after each use. Dirty masks should be placed in a dedicated laundry bag or bin. Use detergent and hot water when washing cloth masks, and dry them on a hot cycle. Be sure your mask is comfortable; you don't want to have to keep adjusting the mask because that means touching your face. Cupertino	Santa Clara County	Order	<a href="https://www.cupertino.org/home/showdocument?id=27443">https://www.cupertino.org/home/showdocument?id=27443</a>	4/24/2020	N/A	4/24/2020	Until Further Notice	<p>As used in this Order, a "Face Covering" means a covering made of cloth, fabric, or other soft or permeable material, without holes, that covers only the nose and mouth and surrounding areas of the lower face. All members of the public, except as specifically exempted below, must wear a Face Covering outside their home or other place they reside. Each driver or operator of any public transportation or paratransit vehicle, taxi, or private car service or ride-sharing vehicle must wear a Face Covering while driving or operating such vehicle, regardless of whether a member of the public is in the vehicle, due to the need to reduce the spread of respiratory droplets in the vehicle at all times.</p> <p>4. All Essential Businesses, as well as entities and organizations with workers engaged in Essential Infrastructure work, Minimum Basic Operations, or Essential Government Functions (except for Healthcare Operations, which are subject to their own regulation regarding specified face coverings), must:</p> <p>a. Require their employees, contractors, owners, and volunteers to wear a Face Covering at the workplace and when performing work off-site any time the employee, contractor, owner, or volunteer is:</p> <p>i. interacting in person with any member of the public or with coworkers</p>	Both

Combined with sheltering in place, social distancing, and frequent hand hygiene, facial coverings are shown to help slow transmission of COVID-19.</p> <p>The use of medical masks, such as N-95 respirators and surgical masks, are strongly discouraged for general use. Due to the global demand for personal protective equipment (PPE), there is a severe shortage of PPE across the state. Those supplies should be reserved for health care workers and first responders. Monterey County Health Department asks residents to refrain from purchasing PPE for their own use and to utilize homemade face coverings instead.</p> <p>Businesses must take reasonable measures, such as posting signs, to remind patrons about face coverings, and may not serve customers who do not observe the order. Workers do not need to wear face coverings if they are alone in a personal office but must put them on when others are present.</p> <p>The order also includes customers of public transit (including while waiting at transit stops), rideshare services, and passengers in private automobiles who are not members of the same household.</p>	Both

At workplaces, cloth face coverings are strongly recommended when interacting with the public, working in areas visited by the public or shared with co-workers, or when present with another person in an enclosed area. Children aged two years or less must not wear face coverings because of the risk of suffocation. Face coverings are not recommended for children six years or under, and may not be appropriate for individuals who would have difficulty removing the covering without assistance. The Napa County Health Officer Recommendations for Wearing Face Coverings should be consulted for additional guidance.	Public
