WASHINGTON – Statement from American Beverage on the Senate passage of H.R. 1, “One Big Beautiful Bill Act”:

"As an industry built on generational, family-owned American businesses, we applaud the Senate for preserving current tax policy while expanding key tax cuts, just as the House did. These pro-growth policies help American businesses—large and small—invest in our workers and stimulate growth in good-paying jobs in communities across America. We urge the House to move to deliver this to President Trump for his signature."
